

Medium Cream

Product Highlights

Medium Cream is a fast-absorbing oil-in-water (O/W) emulsion base with emollient properties. Medium Cream provides an excellent, multi-purpose delivery vehicle for hormones, steroids and many other active ingredients. Offers high-end feel and slip to your compounded products and is non-ionic and ester free.

- Versatile, can be used topically, vaginally or rectally
- Water washable
- Non-greasy
