## Section 4: First Aid Measures

|                                            |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |
|--------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>General Advice</b>                      | Immediate medical attention is required. Show this safety data sheet to the doctor in attendance. IF exposed or concerned: Get medical advice/attention. Self-protection of the first aider Ensure that medical personnel are aware of the material(s) involved, take precautions to protect themselves and prevent spread of contamination. Do not breathe dust. Do not use mouth-to-mouth method if victim ingested or inhaled the substance; give artificial respiration with the aid of a pocket mask equipped with a one-way valve or other proper respiratory medical device. Use personal protective equipment as required. See section 8 for more information |
| <b>If Inhaled</b>                          | If breathing has stopped, give artificial respiration. Get medical attention immediately. Remove to fresh air. Do not breathe dust. Do not use mouth-to-mouth method if victim ingested or inhaled the substance; give artificial respiration with the aid of a pocket mask equipped with a one-way valve or other proper respiratory medical device. If breathing is difficult, (trained personnel should) give oxygen.                                                                                                                                                                                                                                              |
| <b>In Case of Skin Contact</b>             | Get immediate medical advice/attention. Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| <b>In Case of Eye Contact</b>              | Get immediate medical advice/attention. Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Keep eye wide open while rinsing                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
| <b>If Swallowed</b>                        | Get immediate medical advice/attention. Do NOT induce vomiting. Clean mouth with water and drink afterwards plenty of water. Never give anything by mouth to an unconscious person.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
| <b>Most Important Symptoms and Effects</b> | Coughing and/ or wheezing. Difficulty in breathing. Note to physicians: Treat Symptomatically.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |

## Section 5: Fire Fighting Measures

|                                                           |                                                                                                                                   |
|-----------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------|
| <b>Suitable Extinguishing Media</b>                       | Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.                           |
| <b>Special Hazards Arising From the Substance/Mixture</b> | Thermal decomposition can lead to release of irritating gases and vapors. Combustible material.                                   |
| <b>Special PPE and/or Precautions for Firefighters</b>    | Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protection equipment |

## Section 6: Accidental Release Measures

|                                                                            |                                                                                                                                                                                                                                                                                                           |
|----------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Personal Precautions, Protective Equipment and Emergency Procedures</b> | Avoid contact with skin, eyes or clothing. Ensure adequate ventilation. Use personal protective equipment as required. Evacuate personnel to safe areas. Avoid generation of dust. Do not breathe dust. Keep people away from and upwind of spill/leak. Use personal protection recommended in Section 8. |
| <b>Methods and Materials Used for Containment</b>                          | Prevent further leakage or spillage if safe to do so. Should not be released into the environment. Do not allow to enter into soil/subsoil. Prevent product from entering drains.                                                                                                                         |
| <b>Cleanup Procedures</b>                                                  | Prevent further leakage or spillage if safe to do so. Take up mechanically, placing in appropriate containers for disposal. Clean contaminated objects and areas thoroughly observing environmental regulations                                                                                           |

## Section 7: Handling and Storage

|                                      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
|--------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Precautions for Safe Handling</b> | Handle in accordance with good industrial hygiene and safety practice. Avoid contact with skin, eyes or clothing. Take off contaminated clothing and wash before reuse. Do not breathe dust. Avoid generation of dust. In case of insufficient ventilation, wear suitable respiratory equipment. Handle product only in closed system or provide appropriate exhaust ventilation. Do not eat, drink or smoke when using this product. Remove contaminated clothing and shoes. Do not eat, drink or smoke when using this product. Wash hands before breaks and immediately after handling the product. Avoid contact with skin, eyes or clothing. Wear suitable gloves and eye/face protection. Remove and wash contaminated clothing and gloves, including the inside, before re-use. Regular cleaning of equipment, work area and clothing is recommended. Do not breathe dust. Take off contaminated clothing and wash before reuse. Contaminated work clothing should not be allowed out of the workplace. |
| <b>Conditions for Safe Storage</b>   | Keep containers tightly closed in a dry, cool and well-ventilated place. Keep out of the reach of children.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |

## Section 8: Exposure Controls/Personal Protection

|                                                     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |

| <b>Appropriate Engineering Controls</b>             | Avoid contact with skin, eyes, and clothing. Wash hands before breaks and immediately after handling the product. Do not eat, drink or smoke when using this product. Wash hands before breaks and immediately after handling the product. Avoid contact with skin, eyes or clothing. Wear suitable gloves and eye/face protection. Remove and wash contaminated clothing and gloves, including the inside, before re-use. Regular cleaning of equipment, work area and clothing is recommended. Do not breathe dust. Take off contaminated clothing and wash before reuse. Contaminated work clothing should not be allowed out of the workplace. |
| <b>PPE - Eye/Face Protection</b>                    | Wear safety glasses with side shields (or goggles).                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
| <b>PPE - Skin Protection</b>                        | Wear suitable gloves. Impervious gloves.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
| <b>PPE - Body Protection</b>                        | Impervious clothing. Wear suitable protective clothing. Long-sleeved clothing. Chemical resistant apron.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
| <b>PPE - Respiratory Protection</b>                 | When workers are facing concentrations above the exposure limit, they must use appropriate certified respirators.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |

## Section 9: Physical and Chemical Properties

|                                              |                                                                   |
|----------------------------------------------|-------------------------------------------------------------------|
| Appearance                                   | White Powder                                                      |
| Upper/Lower Flammability or Explosive Limits | No data available                                                 |
| Odor                                         | No data available                                                 |
| Vapor Pressure                               | No data available                                                 |
| Odor Threshold                               | No data available                                                 |
| Vapor Density                                | No data available                                                 |
| pH                                           | No data available                                                 |
| Relative Density                             | No data available                                                 |
| Melting Point/Freezing Point                 | 225°C                                                             |
| Solubility                                   | Water solubility: Slightly soluble. Soluble in Methanol, Ethanol. |
| Initial Boiling Point and Boiling Range      | No data available                                                 |
| Flash Point                                  | No data available                                                 |
| Evaporation Rate                             | No data available                                                 |
| Flammability (Solid, Gas)                    | No data available                                                 |
| Partition Coefficient                        | No data available                                                 |
| Auto-Ignition Temperature                    | No data available                                                 |
| Decomposition Temperature                    | No data available                                                 |
| Viscosity                                    | No data available                                                 |

## Section 10: Stability and Reactivity

|                                    |                                                                            |
|------------------------------------|----------------------------------------------------------------------------|
| Reactivity                         | No information available                                                   |
| Chemical Stability                 | Stable under normal conditions.                                            |
| Possibility of Hazardous Reactions | Hazardous polymerization does not occur.                                   |
| Conditions to Avoid                | Excessive heat.                                                            |
| Incompatible Materials             | Strong oxidizing agents.                                                   |
| Hazardous Decomposition Products   | Hazardous decomposition products None known based on information supplied. |

## Section 11: Toxicological Information

|                                                    |                                                                                                                              |
|----------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------|
| Acute Toxicity - LD50 Oral                         | 15 mg/kg (Rat). Specific test data for the substance or mixture is not available. Fatal if swallowed. (based on components). |
| Acute Toxicity - Inhalation                        | Specific test data for the substance or mixture is not available. Fatal if inhaled. (based on components).                   |
| Acute Toxicity - Dermal                            | Specific test data for the substance or mixture is not available. Fatal in contact with skin. (based on components).         |
| Acute Toxicity - Eye                               | No information available.                                                                                                    |
| Skin Corrosion/Irritation                          | No information available.                                                                                                    |
| Serious Eye Damage/Irritation                      | No information available.                                                                                                    |
| Respiratory or Skin Sensitization                  | No information available.                                                                                                    |
| Germ Cell Mutagenicity                             | No information available.                                                                                                    |
| Carcinogenicity IARC                               | Classification based on data available for ingredients.                                                                      |
| Carcinogenicity ACGIH                              | Classification based on data available for ingredients.                                                                      |
| Carcinogenicity NTP                                | Classification based on data available for ingredients.                                                                      |
| Carcinogenicity OSHA                               | Classification based on data available for ingredients.                                                                      |
| Reproductive Toxicity                              | Classification based on data available for ingredients. May cause harm to breastfed babies.                                  |
| Specific Target Organ Toxicity - Single Exposure   | No information available.                                                                                                    |
| Specific Target Organ Toxicity - Repeated Exposure | No information available.                                                                                                    |
| Aspiration Hazard                                  | No information available.                                                                                                    |

## Section 12: Ecological Information

|                                      |                                                                           |
|--------------------------------------|---------------------------------------------------------------------------|
| <b>Toxicity</b>                      | The environmental impact of this product has not been fully investigated. |
| <b>Persistence and Degradability</b> | No data available                                                         |
| <b>Bio-accumulative Potential</b>    | No data available                                                         |
| <b>Mobility in Soil</b>              | No data available                                                         |
| <b>Other Adverse Effects</b>         | No data available                                                         |

## Section 13: Disposal Considerations

|                                                      |                                                                                                                 |
|------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------|
| <b>Waste Treatment Methods Product</b>               | Dispose of in accordance with local regulations. Dispose of waste in accordance with environmental legislation. |
| <b>Waste Treatment Methods Packaging</b>             | Empty containers should be taken to an approved waste handling site for recycling or disposal                   |
| <b>Special Precautions Landfill or Incinerations</b> | No data available                                                                                               |
| <b>Other Information</b>                             | No data available                                                                                               |

## Section 14: Transport Information

|                                   |                              |
|-----------------------------------|------------------------------|
| <b>UN Number</b>                  | UN2811                       |
| <b>UN Proper Shipping Name</b>    | TOXIC SOLID, ORGANIC, N.O.S. |
| <b>Transport Hazard Class(es)</b> | 6.1                          |
| <b>Packaging Group</b>            | II                           |
| <b>Environmental Hazards</b>      | N/A                          |

## Section 15: Regulatory Information

European Union Take note of Directive 98/24/EC on the protection of the health and safety of workers from the risks related to chemical agents at work Authorizations and/or restrictions on use: This product does not contain substances subject to authorization (Regulation (EC) No. 1907/2006 (REACH), Annex XIV) This product does not contain substances subject to restriction (Regulation (EC) No. 1907/2006 (REACH), Annex XVII) Persistent Organic Pollutants Not applicable Dangerous substance category per Seveso Directive (2012/18/EU) H1 - ACUTE TOXIC H2 - ACUTE TOXIC Ozone- depleting substances (ODS) regulation (EC) 1005/2009 Not applicable International Inventories TSCA Contact supplier for inventory compliance status DSL/NDSL Contact supplier for inventory compliance status EINECS/ELINCS Contact supplier for inventory compliance status ENCS Contact supplier for inventory compliance status IECSC Contact supplier for inventory compliance status KECL Contact supplier for inventory compliance status PICCS Contact supplier for inventory compliance status AICS Contact supplier for inventory compliance status Legend: TSCA - United States Toxic Substances Control Act Section 8(b) Inventory DSL/NDSL - Canadian Domestic Substances List/Non- Domestic Substances List EINECS/ELINCS - European Inventory of Existing Chemical Substances/European List of Notified Chemical Substances ENCS - Japan Existing and New Chemical Substances IECSC - China Inventory of Existing Chemical Substances KECL - Korean Existing and Evaluated Chemical Substances PICCS - Philippines Inventory of Chemicals and Chemical Substances AICS - Australian Inventory of Chemical Substances 15.2.
