In Case of Eye Contact	Rinse cautiously with water for at least 15 minutes. Remove contact lenses, if present and easy to do so. Continue rinsing. Obtain medical attention if irritation persists.
If Swallowed	Rinse mouth. Do NOT induce vomiting. Seek medical attention if a large amount is swallowed.
Most Important Symptoms and Effects	General: None expected under normal conditions of use. Inhalation: Prolonged inhalation of dust may cause respiratory irritation. Skin Contact: Skin contact with large amounts of dust may cause mechanical irritation. Eye Contact: Contact may cause irritation due to mechanical abrasion. Ingestion: Large doses may produce systemic alkalosis and expansion in extracellular fluid volume with edema. Chronic Symptoms: None expected under normal conditions of use. Indication of Any Immediate Medical Attention and Special Treatment Needed If exposed or concerned, get medical advice and attention.
