Special PPE and/or Precautions for Firefighters	Water spray may be ineffective on fire but can protect freighters & cool closed containers. Use fog nozzles if water is used. Do not enter confined area or space without full bunker gear (helmet with face shield, bunker coats, gloves & rubber boots).

Section 6: Accidental Release Measures

Personal Precautions, Protective Equipment and Emergency Procedures	Wear appropriate personal protective equipment given in Section 8 to pick up the spilled material and place in appropriate containers for recovery, disposal, or satellite accumulation. Flush the spill area with water, collect the rinsates for disposal or sewer, as appropriate.
Methods and Materials Used for Containment	Keep from entering storm sewers and ditches which lead to waterways. Stop spill at source. Dike and contain. Collect leaking & spilled liquid in sealable containers as far as possible.
Cleanup Procedures	Stop spill at source. Dike and contain. Collect leaking & spilled liquid in sealable containers as far as possible.
