

**1. Identification of the material and of the supplier**

Product name: Thyroid USP  
Thyreoideae siccata, Thyroxine  
Formula: CAS# 50809-32-0  
Producer: A/S Orthana Kemiske Fabrik  
350-356 Englandsvej  
DK-2770 Kastrup  
Supplier name: Bella Corp Trading Pty Ltd  
6/34 Dominions Road, Ashmore QLD 4214, Australia  
Telephone: 07 5597 4169  
Email: bellacorp@bellacorp.com.au  
In case of emergency: +45 - 70 10 30 20  
NSW Poisons Information Centre: 131 126 (24 hours)

---

**2. Composition/information on ingredients**

Active components: Thyreoidea  
Ingredients: Thyreoidea, Dextrose  
Classification: This product is not classified in accordance with EEC-Directive  
Occupational exposure limits (OEL): No specific OEL for Thyreoidea. Organic Dust, total 3 mg/m<sup>3</sup>

---

**3. Hazards Identification**

The product is non-dangerous in accordance with Regulation (EC) No 1272/2008 (CLP/GHS)

---

**4. First Aid Measures**

Skin contact: No hazards which require special first aid measures  
Eye contact: Rinse with water and seek medical advice if symptoms persist  
Inhalation: No hazards which require special first aid measures  
Ingestion: No hazards which require special first aid measures

---

**5. Fire-fighting measures**

Precautionary measures: The product is not flammable  
In case of fire there is a risk of dust explosion  
Extinguishing media: Water, foam or powder  
Use extinguishing measures that are appropriate to local circumstances and the surrounding environment  
Protective measures: If possible remove products from areas threatened by fire  
Avoid breathing of fumes

---

**6. Accidental release measures**

Protection of persons: Use the same protective measures as listed under section 8  
Protection of environment: Should not be released into the environment  
In case of large spillage, contact the local authorities

The area should be washed with water

---

**7. Handling and storage**

Handling: No special handling advice required  
Storage: Should be stored in original and tight containers at room temperature (not exceeding 25°C)

---

**8. Exposure control / Personal protection**

Hands: No special handling advice required  
Eyes: No special handling advice required  
Respiratory: No personal respiratory protective equipment required

---

**9. Physical and chemical properties**

Appearance: Beige/light yellowish powder  
Odour: None specific  
Solubility: Soluble in water  
pH: Neutral (solution)  
Flammable limit: Not applicable

---

**10. Stability and reactivity**

Conditions to avoid: The product is stable under normal conditions  
Hazardous decomposition: None

---

**11. Toxicological information**

Skin contact: The product is not expected to constitute any risk  
Eye contact: The product may cause irritation to the eyes  
Inhalation: The product is not expected to constitute any risk  
Ingestion: The product is not expected to constitute any risk  
Long term effects: The product is not expected to constitute any risk

---

**12. Ecological information**

Environmental classification: None

---

**13. Disposal considerations**

Waste as discarded products, packaging, etc. must be disposed of in accordance with local authority requirements

---

**14. Transport information**

The product is not classified as dangerous goods

---

**15. Regulatory information**

The product is not classified in accordance with Regulation (EC) No 1272/2008 (CLP/GHS)

---

**16. Other information**

Intended use: Product for human use  
Revised: 30.03.2022  
Replaces: 21.01.2020
