Discover the magic of nature through play with Heather, Belle & their Fairy Forest Friends.

Fairies Heather and Belle live in their magical tree trunk hideaways with their friends the shroom people and the cute Rabbits! They love to plant seeds in their pretty roof top planters and would love for you to help!

Watch as they grow into beautiful edible plants and have fun playing all sorts of games in and out of the tree trunk hideaway.

Grow and enjoy your Purple Radish and Red Amaranth! Purple Radish are tiny edible leaves that are typically harvested within 8-10 days of sowing. They add a fresh, crunchy and spicy flavour to your foods.

Red Amaranth are tiny edible leaves that are typically harvested within 14-25 days of sowing. Your Red Amaranth should be ready to eat when it's grown approximately 5-7cm tall. They have an earthy flavour with a unique vibrant colour. Simply pick the leaves, give them a quick wash and enjoy!
