PRIMA NATURE SYRAH

IGP Pays d'Oc

Act for planet

Winegrower's note

Prima Nature is a range of wine without added sulfites which offer particularly pure, generous and intense aromas. Each cuvée, whose composition is reduced to the essential, expresses the character and taste of the fruit and the terroir. This wine is born from the knowledge of Gérard Bertrand and his enologists, who have a unique expertise in sulfites-free winemaking. The wines are grown according to organic standards which require a high quality of the grapes. Prima Nature is also a vegan range for consumers who reject animals exploitation. Intense and fruity, Prima Nature will provide you a unique experience of the terroir while respecting the environment.

Winemaker's note

Our work begins in the vineyard, with a precise and meticulous selection of the most suitable plots to producing this type of wine. 90% of the final result depends on this painstaking work: the vines must be in perfect health, with strong, fresh, dense foliage and grapes which have reached optimal maturity. The window for successful harvesting of the fruit is very narrow, the acid/sweetness balance and maturity of the tannins being so crucial to this type of wine. The vinification process for the reds is very traditional, aside from the fact that no SO2 or any other additive are used. The grapes are de-stemmed and left to macerate for around ten days. During this time the only extraction work involves pumping over daily to release the full potential of the fruit. The grapes are pressed, with the presses kept separate, and the wines are then racked in order to remove the coarser lees before malolactic fermentation begins. After the fermentation the wines are racked again, then cooled.

Tasting notes

Deep, dense purple robe.

The nose reveals notes of ripe fruits, delicate hints of liquorice.

Generous, well-structured and blessed, the wine has a superior aromatic complexity

Serve at 16° with spicy dishes and lasagna.
