

# Framed Mirror

“We wanted to create a mirror that was more than merely a reflective surface. Framed is a new perspective to the classic framed mirror; it is a decorative design piece that leads your thoughts to installation art. It adds not only the functionality of a mirror to your home, but with its depth, organic shape and tone-in-tone color, it is almost perceived as an art object on the wall. The Framed Mirror can hang beautifully on your walls alone or combined with other sizes and colours. — Anderssen & Voll.”

<b>Country of Production</b>	Vietnam
<b>Preassembled</b>	Yes - Mount to wall.
<b>Description</b>	Made from powder-coated steel frames with colored mirror glass, the Framed Mirror is a gently artistic interpretation of the classic mirror. Though still functioning as reflecting glass, the colors, shapes and its ability to be arranged in groups gives the mirror a distinct character. Available in four sizes and a variety of colorways, the design allows for playful compositions and diverse visual expressions.
<b>Material</b>	The frame is made from powder-coated steel, and the mirror panel is mirror glass. The steel plate is shaped through three forming rounds to create the frame, after which the surface is powder-coated. The mirror glass is then carefully installed, leaving a small, intentional gap between the frame and the glass.
<b>Cleaning &amp; Care</b>	Mirror glass: The mirror should be cleaned with a mild glass spray and a soft, dry cloth.  Powder-coated surfaces: The surface should be cleaned with a cloth dampened with water. If needed, a small amount of dish soap can be applied to the cloth.
<b>Additional Information</b>	The mirrors are not suited for use in bathrooms and other wet rooms. Mirrors can be mounted both vertically and horizontally.
