

Loop

Hand woven using New Zealand wool, Loop has a gentle texture and rich depth of colour. Loop uses a combination of loop pile and cut pile that appears as a slight ribbed effect of the surface but is soft underfoot. Finished with a twice-bound woollen thread edge, Loop is available in three colours – Smoke, Peony and Forest.

Product Details

Pile Composition 100% New Zealand Wool
Warp/Base Composition Cotton
Manufacture Details Hand knotted, Indo-Nepalese knot, loop & cut pile
Country of Origin India
Pile Height 8 - 10 mm
Custom Production Lead-time 12 - 16 weeks + local freight lead time

Size 200 x 300 cm, 250 x 350 cm, 300 x 400 cm, custom sizes available
79 x 118", 98 x 138", 118 x 157", custom sizes available
(Maximum rectangular size 550 x 900 cm/217 x 354 inches)

Available Colours

Peony

Sand

Forest

Care Instructions

Spot Cleaning

Treat any liquid spills immediately. Place a clean cloth or unprinted paper towel directly on the liquid to absorb the spill. Following this use a clean cloth, dampened with water and dab the affected area, do not follow a circular motion, simply dab and blot. Absorb any excess moisture after cleaning with a clean dry cloth or towel. For dirt marks, such as soil, simply allow the soil to dry and vacuum. If spills or marks remain, contact a professional rug cleaning specialist.

Professional Cleaning

After time your rug will require professional cleaning. Any persistent or large stains will also require professional cleaning. Do NOT dry clean or steam clean rugs. Each Jordan rug is unique, and made of different fibres, we recommend contacting a professional rug cleaner who specialises in hand made rugs or contact Jordan for a recommended specialist cleaner.

Shedding & Lose Fibres

All rugs may shed and have loose fibres. Shedding will take place mostly in the 1-6 months of the rugs lifetime, but will slow over time. High traffic areas may always have a small amount of shedding. Simply vacuum any shedding fibres. For loose threads or ends - do not pull, simply clip them carefully with fabric scissors.

Care & Maintenance

The positioning of your rug will have an effect on the longevity and appearance of your rug over time. Avoid direct and continuous exposure to sunlight. Vacuum regularly to prevent dust and crumbs from settling into the pile. Rotate rug occasionally to equalize wear.
