TECHNIQUE EXPLANATION

Tunisian Crochet

Each row of Tunisian Crochet is worked in two passes: Forward Pass and Return Pass. Loops are placed on the hook during the Forward Pass and the loops are worked off the hook during the Return Pass. The work is never turned, so the right side of the piece is always facing you.

NOTES

1. Shawl is worked in Tunisian crochet.
2. Increases are worked at the beg and end of every Forward Pass to shape Shawl.
3. Yarn color is changed during some Return Passes to form stripes. When changing yarn color, leave long tails to weave in later.
4. To change yarn color at the beg of a Return Pass, simply cut the old color and work the return pass with new color. To change yarn color at the end of a Return Pass, work until only 2 loops rem on hook, yarn over with new color and draw through both loops on hook to complete the return pass. Work the next forward pass with the new color.
