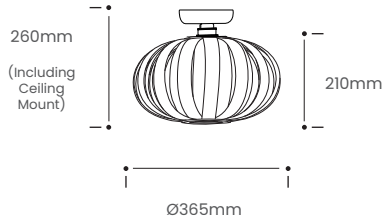
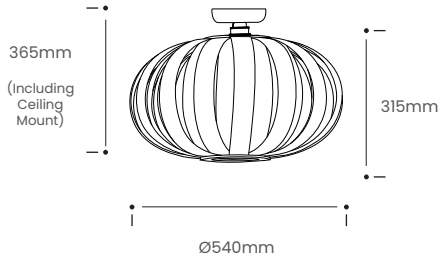
Product Specification

Urchin Small Flush Ceiling Light



Urchin Flush Ceiling Light



Warm light gathers between strips of wood. Flexed to the brink then fixed into an organic sphere inspired by sandcombed shells, our Urchin Lighting Range brings atmosphere in abundance.

32 taut curves fused together with laser cut birch plates, carefully manipulated to conceal the bulb. Sustainable ash, oak or walnut sees light escape through the seams, creating pools of brightness in the dark.

Soften your space. Create clusters. Draw the eye.

The Urchin Lighting Range is also available as a wall light.
