

DRIFT FLUSH CEILING LIGHT

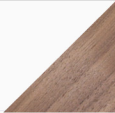

Tom Raffield

Product Specification

Drift Flush Ceiling Light

Handcrafted from sustainably sourced oak or walnut wood, the six undulating waves that form the Drift Flush Ceiling Pendant bend to mesmerise and delight. Interwoven and underpinned by brass rivets to a striking central structure of seasoned plywood, each timber swell arches to reveal light and shadow in equal measure creating a tranquil ambience reminiscent of tidal calm. The Drift Flush Ceiling Light would especially suit an open plan living space, low ceiling bedroom or hallway setting.
