Leven Pendant Small

Showcasing structural beauty. Inspired by the striking formations of smooth, sea-eroded cliff faces and ridged headlands that distinguish the north coast of Cornwall, the Leven Lighting Range effortlessly elevates space with its tiered drum aesthetic.

Meaning 'level' in Cornish, the Leven Pendant Small is handcrafted using three tiers of curving oak or walnut timber that climb a central plywood frame summit. Secured at the seams with four brass accented rivets, each arching layer of sustainably sourced wood builds a balanced silhouette of careful craftsmanship. A smaller alternative to our Leven Pendant that lends the same layered luminescence to modern interiors. With a blend of Scandinavian and Art Deco aesthetics, use the wooden Leven Pendant Small in multiples to illuminate hallways, dining spaces and kitchens alike. Perfect for creating your own clusters or bringing a soft spotlight effect to specific areas in your space.

Glow beyond. Elevate your interior.
