NOTES

1. This pattern includes quite a lot of things going on, all at the same time! The techniques aren't at all difficult, you'll just need to keep careful track of where you are. We highly recommend taking the time to check your piece after every few rows to determine whether you're on track. When working a project like this, 'reading' your knitting is invaluable. The beautiful results are really worth it!
2. Cardigan is worked from the neck downwards.
3. Piece is divided at underarms then lower body and sleeves are worked separately downwards.
4. Bobbles (MB) are worked onto the yoke. When working Bobble rows, work each Bobble using indicated contrasting yarn color and remaining sts using yarn A. The designer used a separate strand of yarn for each Bobble. Worked with this technique, you'll have loads of yarn ends to weave in. You may find it easier to weave in a few rows of ends at a time. If you prefer, you can strand the Bobble color yarn across the WS of the sweater, twisting it with yarn A every 3-4 sts.
5. Sleeves are worked in rnds using double pointed needles.
6. A circular needle is used to accommodate the number of sts, work back and forth in rows on the circular needle as if working on straight needles.
7. When you see 'as established' in the instructions, this means to continue in the current pattern sts, lining up sts as in previous rows.
8. When you see work 'even' in the instructions, this means to continue on in the pattern st you have established without changing the st count by increasing, decreasing, or binding off.

Notes:

1. Raglan increases are worked EVERY RS row to Divide. Neck increases are worked EVERY OTHER RS row until a total of 15 (15, 16, 16, 17, 17) neck increases have been worked. For some sizes, this means that the neck increases are not complete until after the Divide.
2. Detailed instructions are provided to start you off, then when the instructions say “work in pattern as established” this means to work in St st (k on RS, p on WS), purling the yo sts through the back loop, and continue working the raglan increases every RS row, the neck increases every other RS row, and Bobble Rows every 10th row.
3. When working Bobble rows, continue to work each Bobble using contrasting yarn color following **Bobble Sequence** and remaining sts using yarn A. Bobble Sequence: Work * 1 Bobble row with B, 1 Bobble row with C, and 1 Bobble row with D; rep from * for Bobble Sequence.
4. To place Bobbles in a Bobble row, center Bobbles between Bobbles of previous Bobble row and knit 9 sts between Bobbles. To center Bobbles, work each Bobble directly in line with the 5th st between Bobbles of the previous Bobble row.
5. To help keep track of the Bobbles, we suggest using markers until you’re able to easily see where the Bobbles should be placed on a new Bobble row. If desired, place a marker in each Bobble of Row 25 and move markers up as each row is worked. Use different colored markers for Bobbles so that you do not confuse them with the raglan increase markers.
6. Never work a Bobble in any of the following sts: The first or last st of front, sleeve or back; the first 4 (4, 4, 4, 6, 6) undearm sts of body, and the 4 (4, 4, 4, 6, 6) underarms sts of each sleeve (first and last 2 (2, 2, 2, 3, 3) sts of rnds).

Rows 26-34 (34, 34, 34, 34, 33): Work in St st (k on RS, p on WS), purling the yo sts through the back loop, and continue to work raglan increases every RS row and neck increases every other RS row for 9 (9, 9, 9, 9, 8) rows – 208 (208, 210, 210, 212, 212) sts when all these rows have been completed.
