

PullThrough Pro HDMI Video

Allow guests to mirror their devices to your in-room room TVs.

PullThrough Pro HDMI Video

- Mirror video from guests' HDMI devices to the guest room TV.
- Sleek, stylish design for any hotel guest room.
- Presents the cable conveniently and discourages access to TV connections.
- Brushed Aluminum/Black or Black.
- Optional hotel branding on cap¹.
- Simple, secure installation.
- HDMI cable included.

The Pull-Through Pro HDMI Video provides guests with convenient access to the in-room TV for connecting a laptop or gaming console.

Its compact, weighted design stays securely in place and eliminates the need for guests to move furniture or access HDMI ports behind the TV.

¹ Subject to MOQ.

² DeskCard and insert must be ordered separately.

DeskCard Compatible

Compatible with DeskCard² for guest instructions or marketing collateral.

Colour and Branding

Choose brushed aluminum with a black cap or all black. The cap can also be customized with your hotel branding.

Simple Installation

Place the cable in the PullThrough Pro base and lock the cap in place. Connect the HDMI cable to a spare TV input. The supplied double-sided adhesive pad can be used to secure the unit to furniture.
