Designed & Built in the USA

Evo Flattop Grills

Unforgettable Gatherings

Gather around Evo and celebrate the simple pleasure of sharing a meal with family and friends.

At Evo, bringing people together around food is our passion. It's also what inspired us to design and build the most versatile grill that lets people share the joy of cooking.

With its circular flattop cooking surface, Evo lets you prepare virtually any cuisine from any angle. By cooking foods directly on the cook surface, you can sear, sauté, grill, toast and stir-fry. Indirectly, you can use pots or pans to boil, braise, poach or steam.

Affinity 30G

The Evo Affinity 30G Cooktop is designed for built-in installation in large custom outdoor Kitchens.

Model# 10-0055

Affinity 25G

The Evo Affinity 25G Cooktop is designed for built-in installation in small custom outdoor kitchens.

Model# 10-0095

Professional Wheeled Cart

The Evo Professional Wheeled Cart is designed for outdoor entertaining on your backyard deck or patio.

Model# 10-0002

Professional Tabletop

The Evo Professional Tabletop is designed for outdoor entertaining at home or on the road.

Model# 10-0021

Circular black oil-seasoned cooking surface.

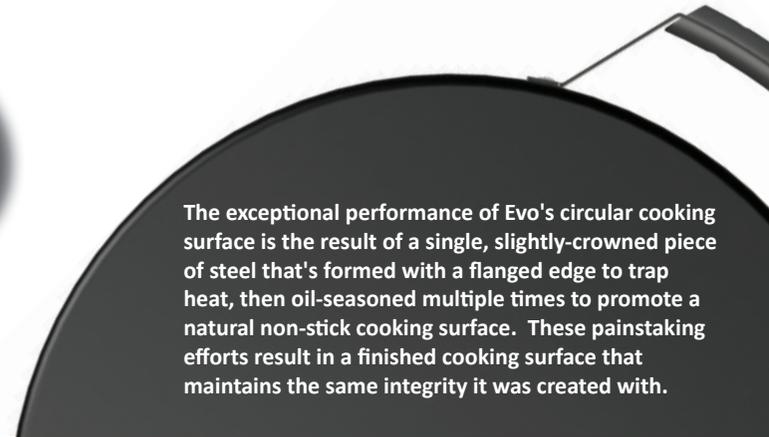

Two knobs on the control panel adjust the burners.

Dual independently-controlled burners produces edge-to-edge even heat ranging from 225°F to 550°F (107°C to 288°C).

A stainless lid is included that converts the flattop grill into an oven for baking, roasting, or smoking.

The exceptional performance of Evo's circular cooking surface is the result of a single, slightly-crowned piece of steel that's formed with a flanged edge to trap heat, then oil-seasoned multiple times to promote a natural non-stick cooking surface. These painstaking efforts result in a finished cooking surface that maintains the same integrity it was created with.

Quality Craftsmanship - Built to Last

Affinity 30G

Drop-In Gas Cooktop

for large custom outdoor kitchens
Model# 10-0055

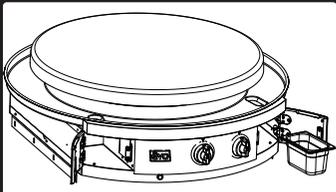

DUAL GAS BURNERS

Independently-controlled burners provide two heat zones.

TRIM KIT

Stainless steel square insert for easy installation into counter (optional).

SPILLOVER TRAYS

Remove from doors at each right and left side of the control panel.

Adjustable Vent

exhausts steam and vapors from under lid

Stainless Steel Drip Pan

surrounds cook surface to contain spillovers

Heavy Gauge 304 Stainless Steel Construction

Removable Spillover Trays
concealed behind doors at right and left side of control panel; removable, dishwasher safe

Electronic Starter
provides one-touch ignition to both burners

Lid lets you roast, steam, warm, or smoke foods

Cooking Surface solid plate black oil-seasoned steel that's 30 inches in diameter, 707 sq. inches total. Dual burners provide variable temperatures from 225°F to 550°F, with 37,638 BTUs for LP and 36,267 BTUs for NG

Flame Portals located just below cook surface provide a convenient view of the burners

Inner and Outer Burner Control Knobs
command variable temperatures across two circular heat zones for edge-to-edge even heat

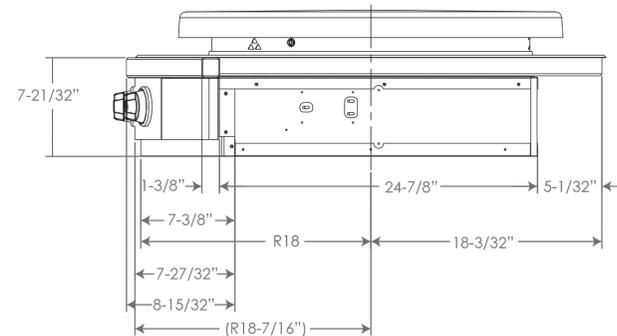

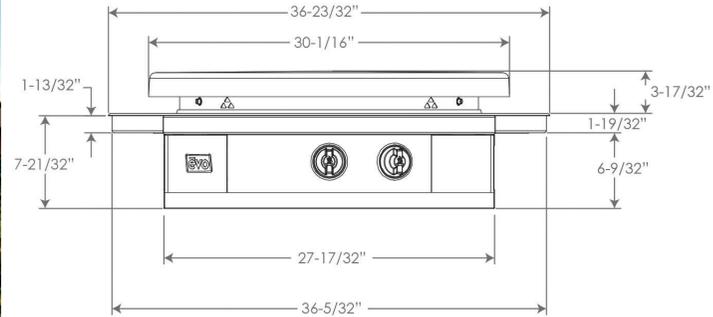

The Affinity 30G installs to a counter surface leaving only the cooking surface, drip pan and control panel exposed. Minimum 3/8" clearance to combustible surfaces allows installation to wood, rock, concrete and tiled counter surfaces.

SEAR

You get a caramelized, deep-brown sear (= flavor) with the Evo grill. When the oil starts to shimmer and smoke, you're ready to add the meat!

STIR FRY

Cooking rapidly over sizzling heat while stirring briskly.

STEAM

Squeeze water on food then cover with a lid to steam. Add more liquid and repeat until done.

ROAST

Turn your Evo grill into an oven with a roasting pan, rack and lid. Spatchcock turkey is one of our favorite roasted dishes.

SMOKE

Place flavored wood chips or Evo "Smoke to Taste" canister on cooksurface, place food on a roasting rack and cover with a lid.

Indoor Models

Chef performance for your home kitchen

Evo cooktops are the ultimate social cooking appliance for any indoor kitchen. The unique style captures attention, while the highly functional design encourages participation, all to the delight of your onlooking audience.

Affinity 25E Model# 10-0061-EL

The Affinity 25E is an electric cooktop designed for indoor kitchens. It features a 25" diameter black seasoned cooking surface with an independently-controlled heater providing two circular heat zones. Temperatures are variable from 150°F to 525°F (66°C to 274°C).

Operating on 208V-230V, the Affinity 25E Cooktop is an ideal solution for creating a social cooking space in your indoor kitchen.

Affinity 30Gp Model# 10-0075

The Affinity 30Gp is a gas cooktop with standing pilot light designed for indoor kitchens. It features a 30" diameter black seasoned cooking surface with two independently-controlled gas burners and two circular heat zones. Temperatures are variable from 225°F to 525°F (121°C to 274°C). 37,638 BTUs for LP and 36,267 BTUs for NG.

The 30Gp is built to fit standard dimensions of residential kitchen countertops and islands. All controls are conveniently positioned up front on a curved control panel with an elevated cooking surface.
