Leven Table Light

Showcasing structural beauty. Inspired by the striking formations of smooth, sea-eroded cliff faces and ridged headlands that distinguish the north coast of Cornwall, the Leven Lighting Range effortlessly elevates space with its tiered drum aesthetic.

Meaning 'level' in Cornish, the Leven Table Light is handcrafted using four tiers of curving oak or walnut timber that climb a central plywood frame summit. Secured at the seams with four brass accented rivets, each arching layer of sustainably sourced wood builds a balanced silhouette of careful craftsmanship. Expertly radiating light in all directions, the Leven Table Light illuminates your space whilst projecting beautiful shapes and shadows across the surface on which it rests. With a blend of Scandinavian and Art Deco aesthetics, use this wooden table light to brighten living spaces, bedrooms, and workspaces alike.

Glow beyond. Elevate your interior.
