ANITA ARMCHAIR LOW BACK WITH SWIVEL BASE

Anita offers a compact footprint coupled with the luxuriousness of a wide welcoming armchair.

The tailored piece has a swivel base and contoured external shell made from two individual parts, a distinctive express join at the arm highlighting where the two shells meet.

The complex tapering of the legs is indicative of SP01's devotion to detail.

ANITA ARMCHAIR HIGH BACK  
WITH SWIVEL BASE

Offering the same compact footprint as the original but with a higher backrest, the Anita high back armchair provides greater visual presence and a new level of comfort.

A stitch detail in the seatback makes a clever reference to the original Anita, meaning the two armchairs can be used together in mixed settings, making it perfect for either commercial or residential use.
