YEE STORAGE

Yee is a flexible storage system that allows you to create a composition that perfectly suits your needs:

Ideal for cleverly concealing your technology, or curating and displaying the pieces you love, you can choose one of our pre-selected compositions or customise your own and individual piece that works for you.

Benches are available in three different lengths, from single element compositions up to 2.4m compositions with many options on element sizes and finishes.

Every storage element comes with cable management for cleverly concealing cables.

Internal storage space can be maximised using one of our internal metal shelves.

MATERIALS

Base constructed from steel, available in satin black, satin red or metallic pewter.

Slatted wood top available in natural or carbon stained ash.

Storage elements available in wood finish or satin lacquered.

Wood finish available in natural or carbon stained ash.  
Satin lacquer available in ochre yellow, red brown or grey blue.

Additional internal metal shelf available in satin lacquer finish in black, red brown or grey blue.

DESIGNER

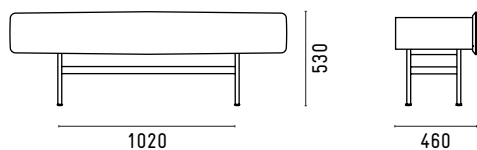

Metrica, 2018

CERTIFICATES

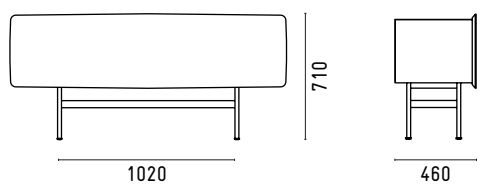

FSC certified timbers
