Verso Small Flush Ceiling Light

Verso Flush Ceiling Light

An ornate marriage of balance and light, the Verso Range is an asymmetrical wooden work of art that welcomes a fresh perspective. Forged from the Latin word to 'spin', the sculptural Verso Lighting Range calls back to nature and showcases the gravity defying, swooping motion of falling leaves in the wind.

Looping to create eye-catching asymmetry, the Verso Flush Ceiling Light is cleverly crafted from one continuous length of sustainably sourced FSC timber that soars around the warm glow of an exposed bulb to cast a beautiful blend of light and shadow across hallways, living spaces and bedrooms alike. Igniting creativity within your space, the Verso Range looks different from every angle and exhibits its varying form to add playful personality to a wide range of interiors.

Alight your space with art.
