

### Product sheet

The fertilizer **INV-101 A** is part of a complete plant nutrition program, it is the first part of three formulations.

Its main role is to provide the **Calcium** necessary for the nutrition of your plants. To do this, we have chosen the purest form available, Calcium Nitrate Tri hydrate. This form of Calcium at the same time brings 100% nitrogen in the form of nitrate with no addition of ammonia, moreover, it leaves no residue in the irrigation systems.

To supplement the nitrogen intake, we have added two sources of **Nitrate**, Potassium Nitrate and Magnesium Nitrate. These two forms of Nitrate also provide part of the **Phosphorus** and **Magnesium** necessary for your crops.

<b>GUARANTEED ANALYSIS</b>	<b>4-0-2</b>
Total nitrogen (N) .....	4%
4% Nitrate nitrogen	
Soluble Potash (K <sub>2</sub> O) .....	2%
Calcium (Ca) .....	4%
Magnesium (Mg) .....	0.6%
<b>DERIVED FROM</b>	
Calcium nitrate, potassium nitrate, magnesium nitrate	

#### Usage

Concentrated liquid fertilizer, intended for use in greenhouses and urban gardens. To know the dosage, refer to the fertilization charter of your culture.

#### Storage

Store in a cool dry place, protected from frost and sun exposure.

#### Sécurité

Wear appropriate protective equipment during handling. Keep out of reach of children and animals. In case of contact with eyes, rinse thoroughly with water and consult a physician. Do not swallow.

#### Available formats

1L - 4L - 20L - 200L - 1000L

#### Density

1.14 kg/L

#### MADE IN CANADA

Manufactured by  
 Laboratoire In vivo Inc.
