

Penny

Our Penny stripe rug draws pattern inspiration from the art deco period, where bold stripes were used in luxurious sophistication.

We have of course taken a contemporary Jordan twist, the deco style stripes are softened using hand knotted 100% New Zealand wool, a large relaxed scale and a warm tonal colour palette.

Penny is an even, cut pile rug, made by hand knotting, ensuring a luxurious, dense, hard wearing and soft rug.

Product Details

Pile Composition 100% New Zealand wool

Warp/Base Composition 100% cotton

Manufacture Details Hand knotted - Tibetan knot, cut pile

Country of Origin India

Pile Height 8 - 10 mm

Custom Production Lead-time 16 - 20 weeks + local freight lead time

Suitability Indoor, residential & light commercial

Size 200 x 300 cm, 250 x 350 cm, 300 x 400 cm

79 x 118", 98 x 138", 118 x 157"

Available Colours

Rose

Care Instructions

Spot Cleaning

Treat any liquid spills immediately. Place a clean cloth or unprinted paper towel directly on the liquid to absorb the spill. Following this use a clean cloth, dampened with water and dab the affected area, do not follow a circular motion, simply dab and blot. Absorb any excess moisture after cleaning with a clean dry cloth or towel. For dirt marks, such as soil, simply allow the soil to dry and vacuum. If spills or marks remain, contact a professional rug cleaning specialist.

Professional Cleaning

After time your rug will require professional cleaning. Any persistent or large stains will also require professional cleaning. Do NOT dry clean or steam clean rugs. Each Jordan rug is unique, and made of different fibres, we recommend contacting a professional rug cleaner who specialises in hand made rugs or contact Jordan for a recommended specialist cleaner.

Shedding & Lose Fibres

All rugs may shed and have loose fibres. Shedding will take place mostly in the 1-6 months of the rugs lifetime, but will slow over time. High traffic areas may always have a small amount of shedding. Simply vacuum any shedding fibres. For loose threads or ends - do not pull, simply clip them carefully with fabric scissors.

Care & Maintenance

The positioning of your rug will have an effect on the longevity and appearance of your rug over time. Avoid direct and continuous exposure to sunlight. Vacuum regularly to prevent dust and crumbs from settling into the pile. Rotate rug occasionally to equalize wear.
