

## S 650

Clear your garden paths, patios and driveways up to five times faster with the Kärcher S 650 sweeper. With two side-brushes, this outdoor push sweeper is ideal for fast and thorough cleaning.

### 1 Two side brushes

- Greater flexibility with two side brushes. The long bristles ensure thorough cleaning even on edges.

### 2 No contact with dirt.

- Convenient waste container: waste is drawn directly into the container, which can be easily removed and emptied.

### 3 Space-saving storage

- With its fold-down push handle, the sweeper can be stored upright, therefore taking up very little space.

### 4 Adjustable push handle with comfortable handle

- Thermally-clad and height-adjustable (extendable with two angle adjustments). Making sweeping easier on the back.

## S 650

- Two side brushes
- Convenient, stand-alone waste container
- Adjustable push handle with comfortable handle
