## EchoTile Vee Installation Guide

### What's included in a box:

- 4 Vee Tiles
- 1 bag of 25 adhesive tabs

### Tools needed (not included):

- Level
- Measuring Tape
- Pencil

**Notes:** Adhesive tabs may pull finish or paint off of the wall when removed. It is not recommended to use adhesive tabs on wood, brick, or other textured surfaces. Construction adhesive is recommended for installation on textured surfaces, ceilings, and high traffic areas. Adhesive tabs are not reusable. If a tile was placed incorrectly, re-apply the tile to the surface using a new set of adhesive tabs.

Tiles are cut on a grain and can reflect light differently, looking slightly lighter or darker depending on placement. When applying the tiles, ensure the color of the tiles complements your light source. Rotate the tile if color varies from the adjacent tile.

### Installation

Vee Tiles require (5) 3"x3" adhesive tabs per tile for proper mounting and installation. Easy peel tabs have the same amount of adhesive on each side and will adhere to painted surfaces, dry wall, or smooth cement. Order extra adhesive tabs at [www.store.kireiusa.com](http://www.store.kireiusa.com).

### How to apply easy peel adhesive tabs:
