

UCHIWA

DESIGN BY DOSHI LEVIEN

HAY

- UCHIWA -

UCHIWA

Uchiwa is a capacious armchair, taking its soft and open shape from the traditional Japanese hand fan. Generous and inviting, new and familiar at the same time, the armchair comes in two upholstered versions: in a softer quilted model for a more domestic environment and in moulded foam for a more demanding contract context.

The base is available in natural or stained oak.

Front Hallingdal 126, Back leather Sierra SI100, Black Base

DOSHI LEVIEN

Doshi Levien is a London based design studio founded in 2000 by Nipa Doshi (b. 1971) and Jonathan Levien (b. 1972). Doshi grew up in India and studied at the National Institute of Design, while Jonathan, who is from Scotland, trained in fine cabinet making followed by industrial design. They met while studying at the Royal College of Art. They have established a strong reputation for creating design that is both technically advanced and imbued with cultural resonance. They have been internationally acclaimed for their work and in 2008 were awarded the prestigious Future Legends of Design by the Cooper Hewitt National Museum of Design in New York. Together, they bring to bear a complimentary set of skills to the projects they work on. Doshi is primarily concerned with visual culture, an aesthetic understanding of the world and the materiality of things, while Levien is more focused on industrial precision and technique. They have worked on projects for industry leading companies and institutions in the fields of furniture, fashion, homewares, technology and lighting. For HAY, they have created the Uchiwa Lounge Chair and Dapper Lounge.
