

BESSEY® Edge Clamps

Specialty Clamping Tools for Construction and Woodworking

Simply better.

The BESSEY® Professional One Hand Edge Clamp is light and easy to handle. It is ideal for applying multi-layered edge strips with just one hand! Specially developed to make your day-to-day work even easier.

Features & Benefits

- 1 Unique twin spindle. Outer spindle acts on the clamping jaws - inner spindle applies pressure to the front edge. Impact resistant plastic handle for one-handed use.
- 2 Two large non-slip, opposing, gentle jaws for positive grip.
- 3 The large pressure plate swivels to apply pressure on demand. Removable protective cap.
- 4 Lightweight, corrosion-resistant aluminium housing designed for high static stress load
