Lucy Montgomery X Jordan Onda Mirror

Onda meaning 'wave' in Italian is Lucy Montgomery's exclusive mirror collection for Jordan. The soft sinuous curves and fluid silhouette of each mirror has been handcrafted using traditional techniques and natural materials. Finished with a soft eggshell meringue tone textured plaster.

Lucy Montgomery is a leading Sydney-based stylist and designer. Jordan and Lucy have teamed up to create a bespoke collection of Australian made mirrors. Lucy has created an exclusive collection of mirrors for Jordan, cast from a meringue tone plaster and available in 3 unique profiles with a unique wave edge.

Mirrors Sizes

Please note that measurements may vary slightly due to the handmade nature of this item.

Onda Mirror Meringue | Small
750H x 590W mm | Approximately 9KG
30H x 23W inches

Onda Mirror Meringue | Medium
1030H x 720W mm | Approximately 12KG
41H x 28W inches

Onda Mirror Meringue | Medium

49H x 33W inches

Onda Mirror Meringue | Floor Length
1770H x 870W mm | Approximately 45KG
70H x 34W inches

Specifications

Materials

Plaster composite, with decorative finish and mirror glass. All the mirrors have been treated with a waterproof finish, they are sealed and suitable for wet areas - such as a bathroom or kitchen space, where there is moisture in the air.

Warning

Do not strike the glass with hard or pointed items. Do not use wire between the two fixing brackets on the frame - only hang by screwing a permanent screw into a secure wall. Check the strength of the wall, which the mirror is to be positioned onto special rawplugs / screws maybe required if fitting onto a partition wall.

Hanging Details

Small Mirror

Features two integrated hooks (D-rings).
Mirrors can be hung vertically or horizontally.

Medium & Large Mirrors

Features four integrated hooks (D-rings).
Mirrors can be hung vertically or horizontally.

Care

Cleaning

Dust with a soft clean microfibre cloth.
If marked, softly dab with a baby wipe or soft clean damp cloth.

Please note, Lucy's work is handmade with care.
The raw and organic properties of plaster present individual characteristics to every mirror. As each mirror is handmade, air bubbles and hairline cracks (whilst minimal), are part of the plaster's patina.

Hanging Directions

This installation guide will help to simply and safely install the Lucy Montgomery X Jardán Onda mirror. Jardán carries out a test assembly prior to delivery, but please ensure that all necessary components are present and use this handbook as a reference throughout the installation process.

Note

All fixing techniques rely for their security on the strength of the wall and screws/special fittings. Seek professional advice to guide you as to where the mirror can be safely installed and which wall fittings/screws are appropriate.

Prior to Hanging

- We recommend that a professional who has experience in art or mirrors should hang these mirrors.
- Mirrors are heavy objects and safety is dependent on the construction & strength of the wall to which it is attached.
- Prior to drilling ensure to check for any piping or any electrical cables. As mounting surfaces vary ensure that adequate fixings are used.
- We would recommend that your professional follows the method(s) below to hang your mirror.
- We recommended two people to install the large size mirrors.

Installation Guide

1. Hold the mirror against the wall in the desired position. Mark on the wall where one of the fixing needs to be. The wall surface should have a flat, even finish.
2. Drill a hole and insert an appropriate raw plug. Insert a screw and tighten, leaving the screw head exposed by about 6mm.
3. Mark on the wall where the other fixing needs to be placed, checking that it's the same distance apart as the two-fixings attached to the mirror. Make sure that the holes are in straight horizontal and level position.
4. Lift the mirror into position ensuring that the fixing clips attached to the frame are firmly hooked over the screw heads.
5. Checks the mirror periodically to see that no fitting has loosened and needs attention.

D-ring Placement

Onda Mirror Meringue | Small
2 integrated hooks (D-rings)

Onda Mirror Meringue | Medium
4 integrated hooks (D-rings)

Onda Mirror Meringue | Large
4 integrated hooks (D-rings)
