

## SPECIFICATION

Hotel guests are checking in with mobile phones and tablets. This cable kit is perfect for the guest who would like to use the USB charging amenity you've provided but left their cables behind. ConnectKit-4 contains the two main cables needed to charge smart-phones and tablets with the addition of HDMI and 3.5mm audio to connect to the MediaHub Mini. Generate additional revenue by selling through the mini-bar, concierge, or loan it out to guests at check-in.

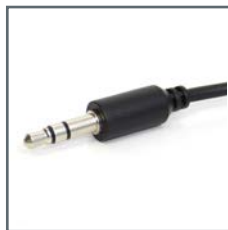

**Apple Lightning, 1m black**  
Charge and sync Lightning for iPhone, iPad mini and iPad.

**Micro USB, 1m black**  
Charge and sync Samsung, LG, HTC, Nokia, Blackberry and other smartphones.

**HDMI, 1m black**  
Stream photos, music & videos on TV from your laptops, tablets and smartphones.

**Mini Jack Audi, 1m black**  
For audio, use with iPod®, iPhone®, iPad®, laptop and MP3 player

Convenient and reusable neoprene case

### Guest Device Charging & Connectivity Cable Kit

ConnectKit-4 is the perfect compliment for TeleAdapt's Mediahub Mini. Providing the charging and connectivity cables required to access the HDMI, 3.5mm audio and one standard 1A USB port and one high-current 2.1A USB port.
