Bass reflex type speaker box that allows you to easily enjoy the charm of full-range speakers.

The BK-WB2 series is a bass reflex type speaker box that allows you to easily enjoy the charm of full-range speakers.

In order to easily enjoy the full-range speaker with high sound quality, the terminal, internal wiring cord, sound absorbing material, etc. have been incorporated and the sound quality has been adjusted.

You can enjoy high-quality sound by simply connecting the internal wiring cord to the speaker unit terminal and attaching the speaker unit with the attached screws.
