NOTES

Kerchief is worked flat side to side, first increasing by one stitch every other row to the widest point, then decreasing every other row to the opposite end. Turn at the end of each row. To change color, work the final yarn over of the last stitch of the previous row in the new color. Tapestry crochet can be used to carry the alternate color on single row stripes to reduce the number of ends to weave in. To do so, lay the alternate color on top of the row below and crochet over it.
