

Heat Strip Installation Kit for Air Conditioner System

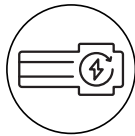

Cool, Calm and Collected

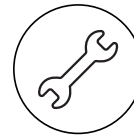

Stay comfortable no matter the temperature with the Furrion Chill heat strip installation kit. Heat strips are especially helpful on chilly nights or when temps drop to around 40-60° to take the chill out of the air. Conveniently reserve propane to run your furnace on nights when it is more consistently cold.

High heat output to keep you comfortable

High energy efficiency to save resources

Easy DIY installation with instructions

Features

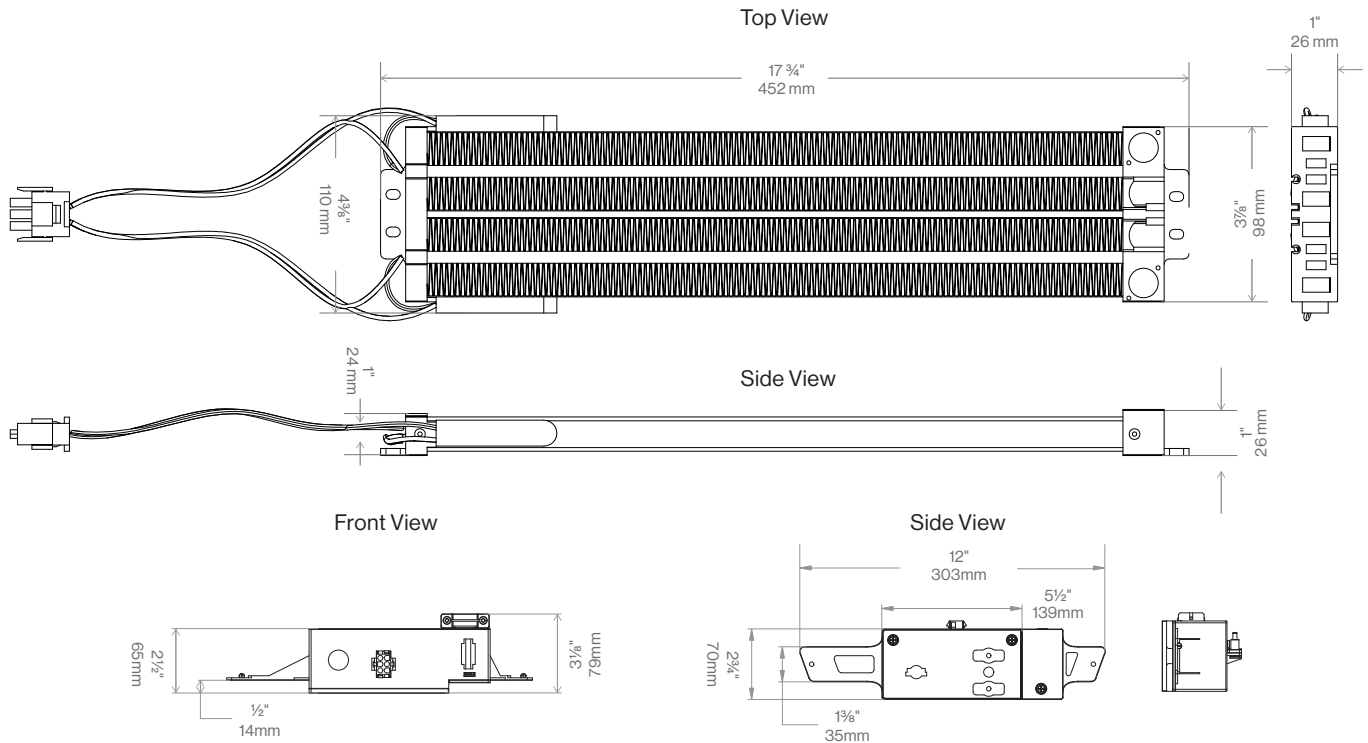

- Lightweight to reduce fuel consumption
- Climatesmart™ to protect against temperature fluctuations
- Vibrationsmart™ reduces wear and tear from road conditions
