NOTES

1. The yarn amount is sufficient to make multiple Letters.
2. Be sure to refer to the diagrams as you work!

LETTER

Before beginning, experiment with the floral wire to make the letter of your choice – this will help determine how long a length of wire you'll want to work with!

Cut two 40 in. (101.5 cm) strands of yarn.

Tie strands together at one end with a simple overhand knot and secure to a flat surface (tape or a clip). Using that knot, secure a piece of wire x" between the 2 strands. Begin tying square knots using the 2 strands and keeping the wire in the center.

Repeat until desired length.

FINISHING

Trim remaining wire and yarn end, then bend wire into desired letter shape.
