DESIGNED FOR

Creating natural, effortless waves

- Adjustable digital temperature for styling control across all hair types. Protect the hair from heat damage with lower heat settings on finer textures and deliver the same unbeatable results
- Keratin infused ceramic coated barrel helps protect the hair, providing a shinier and silkier finish
- A cone-shaped wand allows you to create natural, effortless waves.
- Cool tip provides a safe place to hold when styling

Temperature: 80°C – 210°C
 Heat settings: Variable Temperature
 Cable Length: 3m

Part No.: ZY080
