

TTP091

Cut resistant knuckle dip impact glove

The 091 is the perfect blend of performance and comfort delivering high cut resistance, impact protection and grip.

Achieving ANSI A5 cut resistance and high abrasion resistance, the shell is tough and durable yet breathable and highly dexterous. Utilizing moisture wicking yarn technology, it provides a cooling effect compared to other gloves in the market.

TPR impact pads, High Tensile stitching and a reinforced thumb crotch make the glove ideal for use in oil & gas, metal forming/handling and engineering.

Product Specifications

Product Code	091
Sizes	6 (XS) – 13(4XL)
Glove Base	Tilsatec – RhinoYarn®
Construction	Seamless Knit
Cuff/Wrist	Knit Wrist + Velcro Closure
Origin	China

Performance

ANSI 105: 2016

CUT

EN388: 2003

4544

PUNCTURE:

5

Packaging

Case Quantity	72 pairs per case
Internal Packaging	12 pairs per poly bag

Available Sizes & Cuff Colors

Size	6 XS	7 S	8 M	9 L	10 XL	11 2X	12 3X	13 4X
Cuff	Yellow	Blue	Green	Red	Black	Brown	White	Grey

Made with Tilsatec Rhino Yarn technology. Produced in the UK and developed by Tilsatec's specialist team of yarn technologists to deliver the optimum in performance and comfort.
