

TTP091

Medium weight **A5** impact **level 2** glove

The 091 is the perfect blend of performance and comfort delivering high cut resistance, impact protection and grip.

Achieving ANSI 105: 2024 A5 cut resistance and high abrasion resistance, the shell is tough and durable yet breathable and highly dexterous. Utilizing moisture wicking yarn technology, it provides a cooling effect compared to other gloves in the market.

ANSI/ISEA 138 impact level 2 TPR bumpers, high tensile stitching and a reinforced thumb crotch make the glove ideal for use in oil & gas, metal forming/handling and engineering.

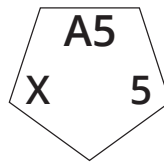

Product Specifications

Sizes	6{XS} – 13{4XL}
Glove Base	Tilsatec - RhinoYarn®
Construction	Seamless Knit
Cuff/Wrist	Knit Wrist + Velcro Closure
Packaging	12 pairs/poly bag 72 pairs per case

Performance

ANSI/ISEA 105-2024
