

TTP203

Cut resistant leather drivers glove with electric arc protection

The 203 glove is our seamless knitted medium weight liner with a full grain goatskin leather outer in a drivers glove.

Delivering ANSI A6 cut resistance, ANSI level 4 puncture protection, EN407 contact heat level 1 and electric arc resistance with an ATPV rating of 37.5cal./cm² the 203 is a high specification solution for workers in high hazard environments.

The soft, but durable goatskin provides good grip and the full leather wrist has a shirred back for improved fit and control.

Product Specifications
