PAO PORTABLE LAMP

Developed as part of the Pao Lamp collection for HAY by Japanese designer Naoto Fukasawa, the Pao Portable lamp is a portable lamp inspired by the atmospheric glow of the dome shaped Mongolian Pao tents at night. Concealing the lighting source inside the shade, Fukasawa creates a compact everyday object that harmonises with the environment it is placed in. The lamp's beautiful simplicity combined with soft ambient lighting create a warm, homely glow in gardens, cafés and other outdoor and indoor spaces.
