Furniture Collection

Clean, architectural geometries paired with timeless, natural materials are what define the Frama Furniture Collection. Guided by a desire to create practical objects with a true sense of meaning and permanence, each piece in the Furniture Collection is designed for everyday and built to last for many years of use, gaining a natural patina over time.

Farmhouse Series

Exploring fluid lines and featuring a sculptural shape, Farmhouse Coffee Table I Pond and Farmhouse Side Table I Pond represent a new, organic addition to Frama's Permanent Collection.

Introduced as a natural extension to the Farmhouse Series, both tables are inspired by the architectural elements of traditional farmhouses. These new additions present the iconic, wavy, and uniquely sculptural Pond design into a more contained dimension.

Entirely crafted in solid oak, the tables pay tribute to the elegance and malleability of wood.

The harmonious tabletop, almost perceptibly floating, solidly rests on sturdy wooden trestles. It offers a delicate balance between the durability of the materials and the gracefulness of the forms. The irregular and sinuous pond-shaped tabletop, combined with the supporting structure of two trestles reminiscing the exposed beams of a farmhouse, gives the composition a rustic aura with a distinct and contemporary feeling.

Ideal as side and coffee tables, Farmhouse Coffee Table I Pond and Farmhouse Side Table I Pond make up a playful addition to any space enhanced by a unique and distinctive character. A versatile and ornamental piece with a whimsical twist.
