

# QUILTON SOFA NEW MODULES

Design by Doshi Levien

HAY

## Quilton sofa | New modules

Designed by London-based design studio, Doshi Levien, Quilton is a multi-functional sofa with the flexibility of a modular system. Aptly described by the two designers as a 'quilted landscape sofa system', Quilton combines Nipa Doshi's inherent visual understanding and Jonathan Levien's industrial precision to create a central platform for living, working, socialising and relaxing. The collection has now been extended with a 2-seater model, corner modules and free standing modules in different sizes to offer even greater flexibility and possibilities for users to design their own customised sofa.

## Quilton Sofa Design by Doshi Levien

Doshi Levien is a London based design studio founded in 2000 by Nipa Doshi and Jonathan Levien. Nipa grew up in India and studied at the National Institute of Design, while Jonathan, who is from Scotland, trained in fine cabinet making followed by industrial design. Together they create design that is both technically advanced and imbued with cultural resonance.

Both designers each bring their individual skills to the projects they work on: Doshi being primarily concerned with visual culture and the materiality of things, while Levien is more focused on industrial precision and technique. They have worked on projects in the fields of furniture, fashion, homewares, technology and lighting. For HAY, they have created Uchiwa Lounge Chair, Dapper Lounge Chair and Quilton Sofa.

The two designers described their multi-functional sofa as a 'quilted landscape sofa system'.

The wide assortment of different modules enables users to create personalised expressions.

The designer duo have a tactile design process, using colour and sculpting to create their products.

Doshi Levien's design studio in London, where Quilton's soft sculpted forms and voluminous size take centre stage.

# QUILTON

PRODUCT FACT SHEET

## QUILTON

DESIGN BY DOSHI LEVIEN, 2021

Described by the designers as a 'quilted landscape sofa system', Quilton serves as a central platform for living, working, socializing and relaxing. Offering a wide assortment of different modules, Doshi Levien's multi-functional sofa provides the flexibility of a modular system with generous dimensions and sculpted forms. Its numerous upholstery choices include mono, duo, or with a black contrasting platform, with the finely-detailed quilted upholstery encapsulating the softness and volume of the foam and wadding seats and creating exceptional comfort. Quilton takes sofa design to a new level of versatility that makes it suitable for a wide range of domestic and public spaces.

### HIGHLIGHTS

- Quilton is a multi-functional sofa designed by Doshi Levien with the flexibility of a modular system.
  - The quilted upholstery encapsulates the softness and volume of the foam and wadding seats, offering a high level of comfort.
  - The modules can be customised into individual sofa combinations.
  - Available in a wide variety of fabric and leather options with or without a contrast base.
  - Also available in selected duo combinations.
  - FSC™ certified.
  - Suitable for a wide variety of private and public environments.
  - Qualified for contract use.
- 

### MATERIALS

#### FRAME

FSC-certified wood construction with a spring system and non-woven fabric bottom.

#### FRONT, BACK & BASE

Full upholstered wadded PU foam with fabric or leather.

#### CONTRAST BASE

Upholstered with black Article 013-Flume from Maharam.

#### LEGS

Ø80 mm black stained solid beech incl. felt pads.

### OPTIONS

CMHR foam (fire retardant).  
Quilton cushion.

### CONSTRUCTION

Blindframe construction in FSC-certified plywood, chipboard and spruce wood with polyurethane foam and wadding. Incl. Nozag springs. Fully upholstered with Fibertex bottom. Legs turned in solid beech wood with felt pads. The modules are premounted with hooks and receivers in steel for connecting and black removable nylon handles for easier carriage.

### COUNTRY OF ORIGIN

Poland

### FABRIC & LEATHER UPHOLSTERY

Please see our Fabric Overview for approved standard fabrics.  
The stitching details also continue down the back and the armrest of the leather variants.

## SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise our environmental impact. We optimise the use of sustainable materials such as recycled materials, FSC-certified wood and water-based lacquer, with a growing number of eco-certified products. We have strict regulatory requirements, and the majority of our products are tested to comply with international standards for strength, durability and safety.

[LINK TO ENVIRONMENTAL PROFILE](#)

## CERTIFICATES

FSC™ LABEL MIX

Made from FSC™-certified wood and other controlled materials.

## TESTS

EN 16139:2013

Furniture–Strength, durability and safety–Requirements for non-domestic seating.

L2 Extreme use–Loading according to Test severity L2.

ANSI/BIFMA X5.4-2020

American National Standard For Office

Furnishings – Public and Lounge Seating – Tests.

## WARRANTY

HAY provides a 5-year product warranty.

Please contact the HAY sales team for further information about the warranty terms and conditions.

## CARE & MAINTENANCE

Our Care & Maintenance offers guidance for optimal maintenance of your HAY product. It includes advice and instructions on cleaning and caring for specific materials to prolong the life of your furniture. Find the guide at hay.com.

## QILTON CUSHION

Designed by Doshi Levien, the Quilton Cushion features the same quilted design as the rest of the modular Quilton sofa series, adding softness, comfort and colour to the sofa. The inside is filled with fibre balls made of 100% recycled post-consumer polyester and the outer cover is available in a variety of fabric options. Contrasting colours and textiles can be mixed to create an individual look for your sofa.
