# HOW TO PLAY

## CLASSIC RULES

*Best for players who hate their friends.*

- 1 One player reads a card aloud. They are now the judge.
- 2 Everyone says who in the group deserves the card and why. You do not want to be tagged with the card.
- 3 The judge decides who gets the card. This player keeps the card and loses a point (-1).
- 4 Each round has a new judge, whoever is sitting to the left of the previous judge.
- 5 When a player reaches negative 7 points (7 cards) the game ends and that player is declared the loser. There are no winners.
- 6 Each player in the group now reads aloud all of the cards they have been tagged with.

## HOW TO PLAY WITH ADDED PUNISHMENT CARDS

*Best for players who want to punish their friends.*

- 1 Put the punishment deck facedown next to the deck of Drunk Stoned or Stupid (DSS) cards.
- 2 One player reads a DSS card aloud. They are now the judge.
- 3 Everyone says who in the group deserves the card and why. You do not want to be tagged with the card.
- 4 The judge decides who gets the card. This player keeps the card, loses a point (-1), and flips over a punishment card. Whatever this punishment card says, that's what they have to do for the next round.
- 5 Each round has a new judge, whoever is sitting to the left of the previous judge.
- 6 Whenever a round ends, the current punishment card is returned to the bottom of the deck and the loser of that round now must flip over a new punishment card and do whatever it says for the next round.
- 7 When a player reaches negative 7 points (7 cards) the game ends and that player is declared the loser. There are no winners.
