

Flo

The Flo wall light features molten hot glass shaped and hand-blown at one thousand degrees Celsius. Crafted from premium Swedish clear glass, the organic shape allows the diffused LED bulb to shine and refract off its contours, creating a unique lighting design. Each free-form creation ensures no two pieces are alike, offering a truly unique addition to your space.

Soktas comes in a range of configurations, the Jordan website will allow you to select your preference then further customise.
