

## Brush will not turn

- 1) Check the pump belt to make sure it is intact, if the belt is broken a new belt will need to be ordered.
- 2) Check the brush assembly for damage or debris by removing it. If there are damaged parts, please contact one of our Authorized Service Centers to have a quality technician inspect your unit.

**NOTE:** Make sure to inspect the following parts thoroughly:

- Rollerbrush
- Pivot Arms
- Arm Retainers
- The pump belt
- The pump pulley
