

Rotisserie Kit

Convert your Big Green Egg into a wood-fired rotisserie! This complete rotisserie kit features a powerful, yet quiet 120V motor that will consistently and evenly turn food over the flame and a coated steel ring attachment that seals the EGG for optimal heat and flavor retention. The kit comes with the traditional rotisserie spit, but also works seamlessly with flat or tumbler style rotisserie baskets.

Optional flat and tumbler baskets coming soon!

Durable 304 stainless steel construction

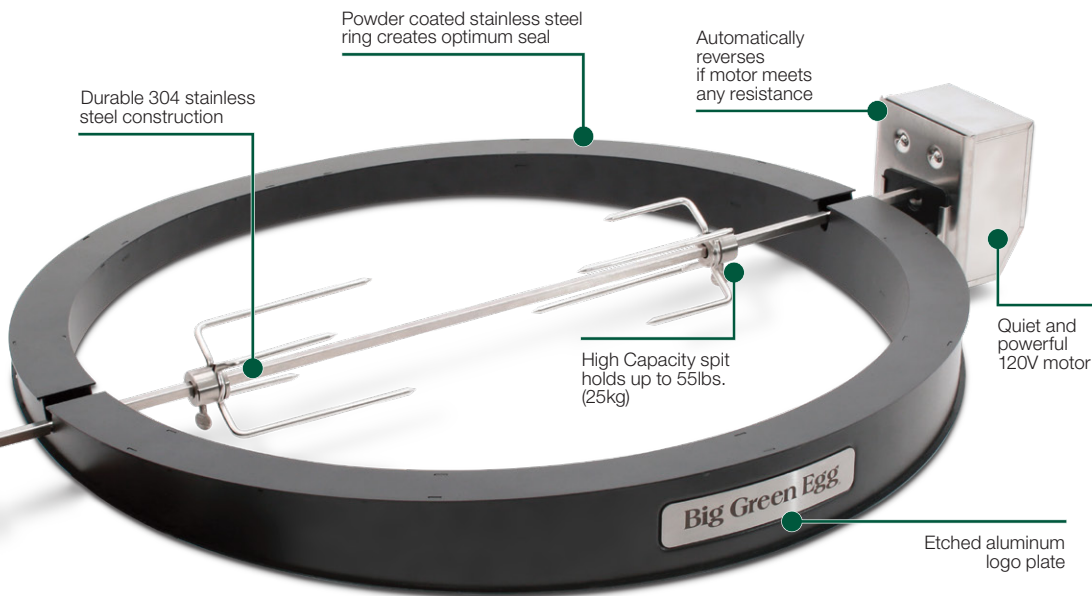

Powder coated stainless steel ring creates optimum seal

Automatically reverses if motor meets any resistance

High Capacity spit holds up to 55lbs. (25kg)

Quiet and powerful 120V motor

Etched aluminum logo plate
