

Fauteuil de Salon

Jean Prouvé, 1939

Fauteuil de Salon joins simple planes into a unified architectural object with a comfortable seat surface and backrest. Rediscovered in the archives of the French engineer Jean Prouvé, the armchair has been updated in a contemporary colour palette. With solid wood armrests and the designer's characteristic structural aesthetic, Fauteuil de Salon can be ideally combined with other pieces in the Prouvé Collection.

Materials

- **Seat and backrest:** polyurethane filling; cover in fabric or leather.
- **Seat height:** 415 mm (340 mm with applied load, measured in accordance with EN 1335-1:2000).
- **Armrests:** solid wood in natural oak with oiled finish, dark stained oak with protective natural lacquer finish, or American walnut with oiled finish.
- **Base:** bent sheet steel and tubular steel, powder-coated (smooth).
- **Glides:** hard glides for carpet or felt glides for hard floors.
- **Origin of wood:** oak (*Quercus robur*) from Western Europe and/or Poland; American walnut (*Juglans nigra*) from the USA.

DIMENSIONS (in accordance with EN 1335-1:2000)
