

50-5130

Medium weight cut resistant latex palm coated glove

The 50-5130 is part of an innovative new family of hand protection designed to meet the new standards in cut protection in a powerful high value solution.

Providing ANSI A5 cut resistance and high levels of abrasion resistance the glove has a robust, durable crinkle latex palm coating designed to deliver excellent grip, abrasion and puncture resistance. The dark color palm and shell help hide dirt, extending the usable life of the glove.
