

TTP459

RHINO GUARD™ arm guard

RHINO GUARD™ is a highly engineered textile composite designed to provide the highest levels of protection against a wide range of puncture hazards. Constructed from an innovative combination of advanced fibers, modified fabric structure and a unique coating technology to deliver high levels of protection against both large and small puncture threats (including needles and syringes).

Uniquely for a puncture resistant material, RHINO GUARD™ also protects against cuts, heat and flame, abrasion and liquids. The 9" arm guard provides all the performance of RHINO GUARD™ in a simple yet effective forearm protection design. With robust Velcro fastening strips the sleeve stays firmly in place when in use, can be adjusted for a secure fit.

Product Specifications

Product Code	TTP459
Sizes	9" Length Regular & Jumbo **Arm Specific Sizing
Base	Tilsatec - RHINO GUARD™
Construction	Engineered woven with cut & sew finishing
Coating	FR Polyurethane
Cuff/Wrist	Velcro closure
Origin	USA or Canada

Packaging

Case Quantity	100 per case
Internal Packaging	10 per bundle

Performance

ANSI 105: 2016

CUT

EN388: 2003

4544

PUNCTURE:

5

HYPODERMIC:

2

Available Sizes

Sizes:

Regular	Jumbo
