- 1 x straight cable, 1.8 m
- 1 x drawstring bag

ACCESSORIES AND SPARE PARTS

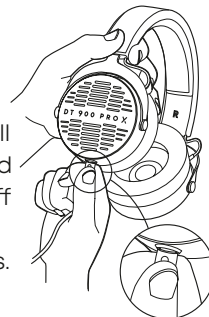

Accessories and replacement equipment can be found at:
www.beyerdynamic.com/pro-x

HOW TO CONNECT THE CABLE

- 1 The lockable connecting cable is fitted with a 3-pin mini XLR cable connector to the headphones. For correct assembly, the small release button of the cable must face to the outer site of the headphones. When connecting the cable, make sure that the cable connector locks in place of the ear cup.

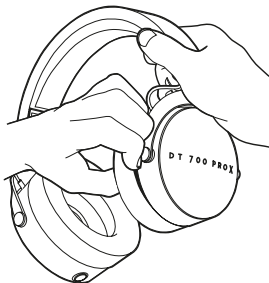

- 2 When you want to change the cable, please press the small button for release and simultaneously pull off the cable connector from the headphones.

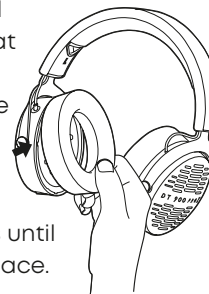

HOW TO CHANGE THE EAR PADS

- 3 To pull of the earpad please carefully pull apart the gap between housing and ear pads using your fingertips or a narrow blunt object.

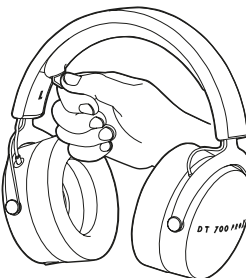

- 4 To put on the earpad please make sure that the snap-in nose of the ear pad sits in the right place. Then press gently with the palm of your hand against the ear pads until the ring snaps into place.

HOW TO CHANGE THE HEAD- BAND PAD

- 5 To pull of the headband pad, please carefully pull on the silicon strap until all hooks of the headband pad are released from the headband.

- 6 To put on the headband pad please make sure that the snap-in nose on the right side sits in the right place. Then press gently the pad into the headband until the hooks snap into place.
