

LOER SMALL WALL LIGHT

Product Specification

Tom Raffield

Loer Small Wall Light

Inspired by the elliptical orbits of the planets and moons that line the inner edges of our vast solar system, the Loer Pendant Light brings weightless illumination to any space it reaches. Combining beautiful translucent glass, sustainable steam bent ash wood and brushed metallic brass, the Loer showcases minimal, nature-inspired design at its finest.

Meaning 'Moon' in Cornish, the Loer Pendant showcases a translucent glass orb with clouded bands of warm celestial white light which suspends within a sleek halo of supple ash wood. Held in place by brass detailed fixings that reflect the soft illustrious glow of the spherical globe when illuminated, the opulent Loer Pendant looks equally as eye-catching when switched off. This contemporary wooden light is suited to an array of interiors and property styles and looks particularly striking suspended in clusters.

Illuminate space. Seek the extraordinary.

Product Type : Wall Light	SKU	Wood types	Dimensions L x W x H (mm)		Weight (kg)	
			Unboxed	Boxed	Unboxed	Boxed
