

# TTP045NBR-LFP2

## Lightweight cut resistant foam nitrile palm coated glove

The 045 is one of the thinnest, lightest ANSI cut level A6 gloves on the market. The fine 15-gauge breathable shell has a form fitting, ergonomic shape making the glove feel incredibly light and comfortable.

A breathable nitrile foam palm coating provides good grip in both dry and oily environments, while retaining a high degree of tactility and touch sensitivity.

The 045 is ideal for small assembly and handling of small parts.

The glove is also antistatic and touch screen compatible.

### Product Specifications

<b>Product Name</b>	TTP
<b>Product Codes</b>	045NBR / 045MF 045NBR-LFP2 (USA Mod)
<b>Sizes</b>	6 (XS) – 13(4XL)
<b>Glove Base</b>	Tilsatec – RhinoYarn®
<b>Construction</b>	Seamless Knit
<b>Glove Coating</b>	Foam Nitrile
<b>Cuff/Wrist</b>	Knit Wrist
<b>Origin</b>	Malaysia

### Packaging

<b>Case Quantity</b>	144 pairs per case
<b>Internal Packaging</b>	12 pair per poly bag
