NOTES

1. Blanket is worked along the length (sts) with the finished width of the blanket being 180 rows (plus foundation chain).
2. Amount of yarn needed per color will vary depending on your moods! You will need approx. 13 balls of Color Theory yarn to complete 180 days of the blanket. Select amounts of each color you feel work best for you. And don't be afraid to swap out colors for ones that best represent you!
3. When working to gauge, each ball of yarn is enough for about 14 rows/days.
4. Embrace the fringe! You have two options, either cut your yarn at the end of every row and start with a new strand and then knot together and trim into fringe at the end (this is how pattern is written). Or you can go fringe-free and opt to weave in all your ends. Just remember there's going to be a lot of them!

BLANKET

With your first day's color, chain 274.

Foundation Row: Continuing with your first day's color, sc in the 4th ch from hook, *ch 1, skip 1 ch, sc in next ch; rep from * to the end of row. Turn. The last st will be a sc in the last ch.

Cut yarn (even if continuing with the same color) leaving a 5 in. (13 cm) tail for fringe.

Next Day

Row 1: Attach next color leaving a 5 in. (13 cm) tail, ch 2, sc in the ch sp from the previous row, *ch 1, skip 1 sc, sc in next ch space; rep from * to the end of row. Turn. The last st will be a sc worked into the space between the chain-2 turning chain and the single crochet from the previous row. Cut yarn leaving a tail for fringe.

Continue working Row 1, cutting yarn for fringe at the end of each row until 180 rows (days) have been completed.

Fasten off. Do not weave in ends.

FINISHING

Lay blanket on a flat surface.

Working down each side, gather 4 ends of yarn and knot together close to the edge of the blanket.

Repeat across until all tails have been knotted.

Trim fringe evenly to desired length.

Block as desired.

ABBREVIATIONS

beg = begin(ning)

ch = chain

rep = repeat

sc = single crochet

st(s) = stitch(es)
